Line of Business	Experian Marketing Services
Department:	Experian Hitwise, Global Product Development (GPD)
Position Title:	Developer
Report To:	Manager, Software Development – Metrics
Work Location:	Melbourne

Experian Hitwise is our global online audience measurement and competitive intelligence product line providing insights on how over 25 million internet users interact with millions of websites daily. We work with some of the largest commercial datasets measuring petabytes of online behavior on a monthly basis, all collected via a global distributed processing platform of hundreds of servers and measurement points. Our products provide online marketers the tools to maximize campaign performance and better tactical and strategic decision making.

Hitwise GPD is looking for Developers with a solid understanding of internet technologies, protocols and practices to join the team. The role entails being responsible for the development and maintenance of software utilities and products especially in the area of “Big Data”.

Core activities will include:

- Design and development of large scale data processing/analysis systems using technologies like Hadoop and other NoSQL systems.
- Implementing various data mining and machine learning algorithms in order to provide data insight.

The successful candidate will have the following attributes:

- Extensive (3+ years) Object Oriented Programming experience in languages likes but not limited to Java/C++/Python.
- Demonstrates a passion for software development.
- Practical understanding of best practice software development including Agile, Scrum, TDD, Design Patterns
- Working with large amounts of data using NoSQL technologies like Hadoop / MongoDB / Splunk
- Prior experience in data mining methodologies is a big plus.
- Possesses a pragmatic and practical attitude to development.
- Good written and verbal communication.

We offer successful applicants an attractive remuneration package. Interested parties should send a covering letter outlining how you meet the job requirements and a full resume to careers@au.experian.com and quote the job title above.

Only short-listed candidates will be contacted. All information provided by the applicant will be treated in strict confidence and used for recruitment purposes only. For more company details, please visit www.experian.com.au
