

Experian is a FTSE 100 company and a global leader providing information solutions in consulting, data analysis, credit scoring, related decision support software and various marketing solutions. Employing over 15,000 people in approximately 40 countries, Experian's vision is for its people, data and technology to become a necessary part of every major consumer economy around the world.

Line of Business **Experian Marketing Services**

Department: Experian Hitwise Global Product Development and Delivery (GPDD)

Position Title: Quality Assurance Specialist (GPDD-QA-00510)

Report To: Manager, Quality Assurance

Work Location: Melbourne

Experian Hitwise is our global online audience measurement and competitive intelligence product line providing insights on how over 25 million internet users interact with millions of websites daily. We work with some of the largest commercial datasets measuring petabytes of online behavior on a monthly basis, all collected via a global distributed processing platform of hundreds of servers and measurement points. Our products provide online marketers the tools to maximize campaign performance and better tactical and strategic decision making.

Hitwise GPDD requires Quality Assurance professionals with a solid understanding of software testing and internet technologies. In essence, you will be responsible for the quality of all outgoing software and public material.

Core activities will be:

- Run a suite of tests over every change to the product completed by the development team
- Issue and manage defect reports using the bug tracking system.
- Assist in the deployment and documentation of changes on a weekly basis
- Writing automated testing scripts.
- Monitor daily, weekly and monthly executed processes
- Maintain Quality Assurance documentation
- Sanity testing of new data

Job Requirement:

- Previous exposure and experience with Quality Assurance methodology and principles
- Knowledge of HTTP and HTML
- Ability to analyse and modify code (PHP/Javascript)
- Communicate complex and technical concepts in simple words
- Excellent communication skills
- Strong troubleshooting skills

We offer successful applicants an attractive remuneration package. Interested parties should send a covering letter outlining how you meet the job requirements and a full resume to careers@au.experian.com and quote the vacancy ref. number above.

Only short-listed candidates will be contacted. All information provided by the applicant will be treated in strict confidence and used for recruitment purposes only.
